MAKES IT EASY TO BREAK UP WITH YOUR PLASTIC BAGS

Plume bags folding instructions

1. Turn the bag inside out.
2. With pouch on the right fold so that the bottom fold is flush with bottom of pouch edge, continue to fold till edges top and bottom are flush with the pouch edges.
3. Fold this in half toward the pouch and then fold two more times (**Bags with Nae's Earth label only fold in half**), it will then be the size of the pouch.
4. Invert this into the pouch. Voild!

CARE

Machine wash cold, hang to dry.
